Christmas Land Rover

December's edition seems to have come round again very quickly. Look out in the New Year for some changes to Nooze, once the new editor takes over.

In this edition, we have the usual Chat from the Chair, keeping us up to date with the changing seasons.

Get those diaries out and start putting in all of next years dates from the new event planner and show planner. There will be some more confirmation of show dates, once Tim has received them from the event organisers. There may also be a few changes throughout the year for events, as we are still waiting for confirmation from the inter club trial dates, however these will be advertised on facebook and on the forum.

It's that time of year again when renewals need paying and hopefully we will see the steady flow of new members, as we have throughout the past years, as word gets around what a great club we are. **Please pay particular detail to the address that membership forms etc should be sent to and if you have sent one to the address previously advertised in nooze, then could you let a member of the committee know asap.** There is a convenient tear out of the back page of this months nooze also if you need the membership form.

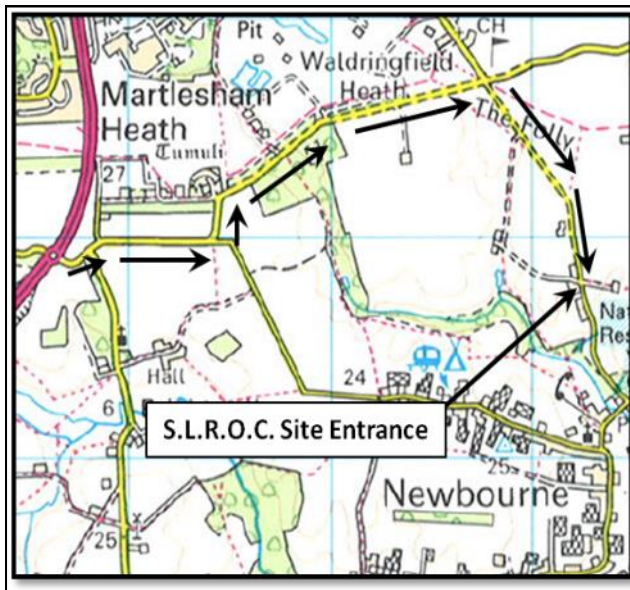

What a great day we had at the annual Children In Need Driving Day and a fantastic figure raised, I believe this is the best so far. A big THANK YOU to everyone who came, helped and made the day a great success. A special Thank You also to Cathy Jeff who organizes the event each year.

We have had several trials over the past few months, however sadly no write ups from any winners or anyone taking part I have added a few pages of photo's from them and the results that I have been given. So well done to all who took part and helped make these days happen.

Finally I would like to wish you all a Very Merry Christmas and I hope there are lots of Land Rover parts under the Christmas tree for you all!!

See you at the Mince Pie Driving Day, Jane

Directions to the Newbourne club site

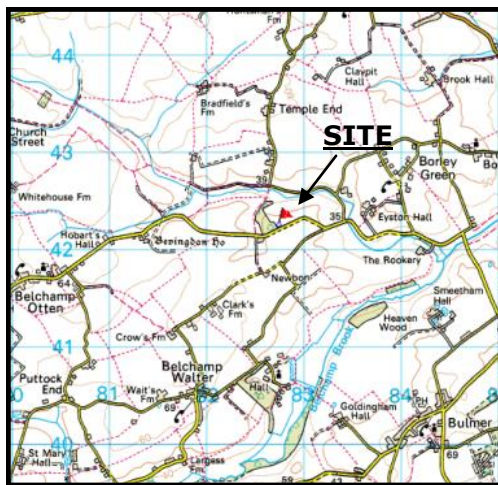

The club has its very own off-road driving site which we use monthly for weekend events, and competitions. The site is situated to the east of Ipswich, near to the village of Newbourne. Strict rules must be adhered to when using the site, to protect the safety of all users. Please keep your speed down around the village, and especially on the access track which has a 5mph limit. See you there!

Chat From the Chair

It's been another great even if somewhat taxing year for the club. And looking back over the competitions, driving days, shows, trips around the country, abroad and everything else we get involved with, there are many memories that I'm sure we'll all be looking back on for this year. We've had a great year for shows giving us our biggest charity pot in the history of the club and all will be revealed at the Mince Pie driving day later this month. Competitions are proving just as popular as ever and it's been the best year for ages for inter club events keeping trialing more than alive for the club.

The only down side of all this success is we're all loving the things that the club does and enjoy taking part in a wide variety of events, but it very often seems that we could just do with a little more help on the ground when it comes to running all of the fun things we do. From 'spotting' at competitions to marshals on driving days and all the way up to organisers for events and help with the running of the club at committee level, we're always grateful of every little bit of assistance that anyone gives at any level as it benefits all of us in the long run. That said, there are one or two changes taking place, a new Nooze editor is almost ready to take over the reigns for this publication, Membership looks to be to be stabilizing after an on and off summer and site maintenance has seen a number of much valued members stepping up recently both helping with immediate needs and offers for the coming season. But we still need and will always need dedicated members that are willing to chip in every now and then (not necessarily at every event) and make this a top club for everyone!

Coming back to the here and now, the nights have drawn in, the days are getting colder and the weather is getting wetter. Winter, truly is a season for Land Rovers if ever there was one. The season that converts the irresponsible 4x4 owner into the saviour of the floods and snow. Never having problems getting into work and often coming to the rescue of the perhaps more inexperienced motorist stuck in an inch or twelve of snow. Well that sums up the bad weather for many of us last year, but we're none of us invincible in our rough tough 4x4's so always be aware that out of everybody on the road we should be setting just as good an example, if not better, of how to be responsible and sensible when we head into the bad weather. Be prepared, carry all of your winter goodies in the car and remember, if all else fails, get some great pictures of when you're up to your bonnet in the best snow drift you ever encountered and make it look like you could just drive out!

Have a great Christmas and I look forward to seeing you all at the mince pie driving day on December the 30th.

All the very best...

Andy.

Nooze

JG advised that no one had made any enquires regarding taking on Nooze when she steps down at the end of the year.

The Committee recognise the importance of Nooze, as a principal means of getting information to all the members and that we very much want it to continue. The problem of not having anyone take it on is part of an overall problem the Club has with not having adequate volunteers (see AOB). It is proposed that as an interim measure Nooze should be published monthly and will contain the bare minimum, Whats on, Adverts (providing income), Minutes,

The recovery of the vehicle during the September Driving day was discussed, no further action is required.

The list of 2019 events is to be prepared and registered with IOPD

Competition s

A successful event with 12 Competitors taking part in Tyro CCVT at Newbourne.

Confirmation of Interclub Trials for next year awaited.

Correspondence

IOPD have notified the Club of a new scale of fees.

Members arriving with donations have been asking about the Driving Day Raffle.

Any Other Business

The Committee discussed at length the difficulties the Club faces with the lack of volunteers to undertake the various tasks necessary to ensure the Club meets its objectives in meeting the needs of its members. Its not just the recent resignation of some Committee members, the imminent departure of our Nooze editor, but it includes insufficient Marshals at events and helpers at shows or maintenance days. The Committee agreed to have a special meeting on the subject. In the meantime, hopefully members will recognise they can help and make a difference by volunteering.

Please note: Some of the Committee Members have requested that details of their addresses are not published within the newsletter for personal reasons. Please do not let this put you off contacting any of the Committee, they will be only too glad to receive phone calls (as long as they are at a reasonable time of day, say **no later than 9:30pm**).

If you have any mail you wish to pass on to a Committee Member then it can be sent via any of the published addresses above. The Committee also respects the privacy of each and every Club member, and to that end, we do not give out details of Club members to any other organisation.

E-Nooze, A Quick Plug

Nooze in electronic form has been around for some time now and a number of members get their copy e-mailed out before the regular paper Nooze goes in the post. If you'd like to switch to E-Nooze or get E-Nooze as well as paper Nooze, or if you're a joint or junior member who would like Nooze e-mailed to you, send a request by e-mail to nooze@slroc.uk.com and I'll add you to the list!

Thanks Jane
